Pre-Prep School Shop

As part of our maths work involving money, we are running a Pre-Prep stationery shop this Friday. The children could bring some money to spend in the "shop". Please give them a selection of small change including 1p and 2p coins, if possible and they will be asked to work out the coins they need. Some of the more able mathematicians can have a 50p and work out the change. To give you an idea of the money they will need, here is our price list. In order that there is enough to go round, the children will only be allowed to buy one or two things (apart from the lego cards).

small notepad (each)	19p
sticky notes (small pad)	23p
rubbers (each)	16p
pencils or wax crayons (x6)	26p
stickers (1 strip)	8p
highlighter pen (each)	13p
mini activity book` (each)	15p
soft ball (each)	24p
plastic bangle	8p
stampers (each)	11p
bubbles	12p
colour your own mask	10p
Lego cards (each card)	1p
small rulers	17p

Thank you for your support
