## The Deputy Head writes:

### HOW SILLY AM I!

I thought I could slip back into school on Monday without anyone really noticing that I was back. I should have known better. Supportive, caring, loving - these are just some of the qualities that make St David's so special. I have been absolutely overwhelmed by the genuine kindness and concern shown by everyone – staff, parents and children.

Thank you for your flowers, gifts and cards with such wonderful messages. I feel very privileged to be part of the most amazing community.

I am still recovering but I am glad to be back doing what I love best – teaching. I look forward to returning to the car park on Monday morning and hope that it is warm and sunny! *Mrs Page*

### SCHOOL COUNCIL

The first School Council meeting of the new term has now taken place. We like to start by reviewing issues that concern all pupils. The children, representing all year groups, collaborated and discussed our Bullying Leaflet which has now been updated. Lily and Carys (6), were so inspired by this that they went on to plan a PHSEE lesson which they then presented to their classes.

*'I enjoy attending school council because I get to talk and discuss issues with my class. I also love coming up with new and original ideas.'*  
Carys (6)

*'We can stop bullying by telling a trusted adult. It can make you upset and talking to someone will make it better. We can stop bullying together'*  
Lily (6)

Be kind to everyone, if someone is upset go over to them and tell a teacher if they're hurt.

You can stop bullying by talking about it in assembly.

THOUGHTS FROM YEAR 6

All classes should have a class worry box, so we can talk with our classes.

 Wednesday 11<sup>th</sup>  
 December

## LET'S SCOOT AWAY!

For the first time at St David's, the London  
 Borough of Bromley Road Safety team came  
 and ran a 'Scootsure' session for our Y2 pupils.  
 This is a playground-based training session for  
 children who use their scooters to get to school  
 or pupils that would like to in the future. It is  
 intended to not only improve safety but also to  
 validate the scooter as a suitable method to  
 travel to school in the eyes of the school  
 community and local residents.

**Watch out everyone!**
