Vision and Values

St David's Prep is a place where childhood is treasured, individuality is celebrated and every pupil is known and valued.

Founded on a strong family ethos and over a century of educational excellence, our school is a warm and vibrant community where children feel safe, supported and inspired to thrive.

Our Language of Learning sits at the heart of school life.
We encourage pupils to show **perseverance** when learning is difficult, **resilience** when things do not go to plan, **curiosity** about the world around them and **creativity** in their thinking. We value **responsibility** and **reliability**, **respect** for oneself and others and **kindness.** We support pupils in becoming **independent** and **self-motivated** learners.

These qualities help our pupils become not only successful learners, but also thoughtful, compassionate and confident young people. Interwoven throughout school life, our Language of Learning empowers pupils to flourish both in school and beyond.

We believe that learning should extend beyond the four walls of the classroom whenever possible. From Forest School adventures and exploring our extensive grounds as an outdoor classroom, to sport, performances and hands-on learning experiences, pupils are encouraged to develop a sense of adventure, wonder and discovery, preparing them for success in an ever-changing world.

Through a broad and engaging curriculum, enriching experiences and exceptional pastoral care, we nurture pupils who are ready to embrace opportunities, overcome challenges and make a positive contribution to the world around them. We encourage academic curiosity alongside compassion, adaptability and a genuine enthusiasm for learning.

At St David's Prep, we work in partnership with families to ensure every child develops a love of learning, strong moral values and the confidence to be themselves.

Our aim is that every pupil leaves us not only exceptionally well prepared for the next stage of their educational journey, but also with treasured memories, enduring friendships and the character, confidence and skills to lead happy, successful and fulfilling lives.
